

Proof of Vaccination

Based on the recommendations of the staff vets, there are five vaccinations that are required at camp; rabies, distemper, parvo, bordetella and parainfluenza. We do accept titers in lieu of vaccinations for parvo and distemper. We accept these types of proof of vaccinations:

1. Have your Veterinarian complete and return this Proof of Vaccination form (**Preferred Method**). **One sheet per dog.**
2. If you self vaccinate complete the bottom portion of this Proof of Vaccination form. One sheet per dog.

Owner's Name: _____ Dog's Name: _____

Veterinarian Completed Proof of Vaccination:

I certify that (Dog's name) _____ is protected against rabies, distemper, parvo, bordetella and parainfluenza when they attend camp in August of 2007, by either a current vaccination or a protective titer as indicated below.

Here at camp we realize that there are different beliefs and practices related to vaccinations. The goal of the vaccination requirement is to provide a safe environment for everyone at camp. If your vaccination practices don't allow you to complete the above forms you can still attend camp. Contact us for details.
